OUR SAFETY POLICY

SAFETY

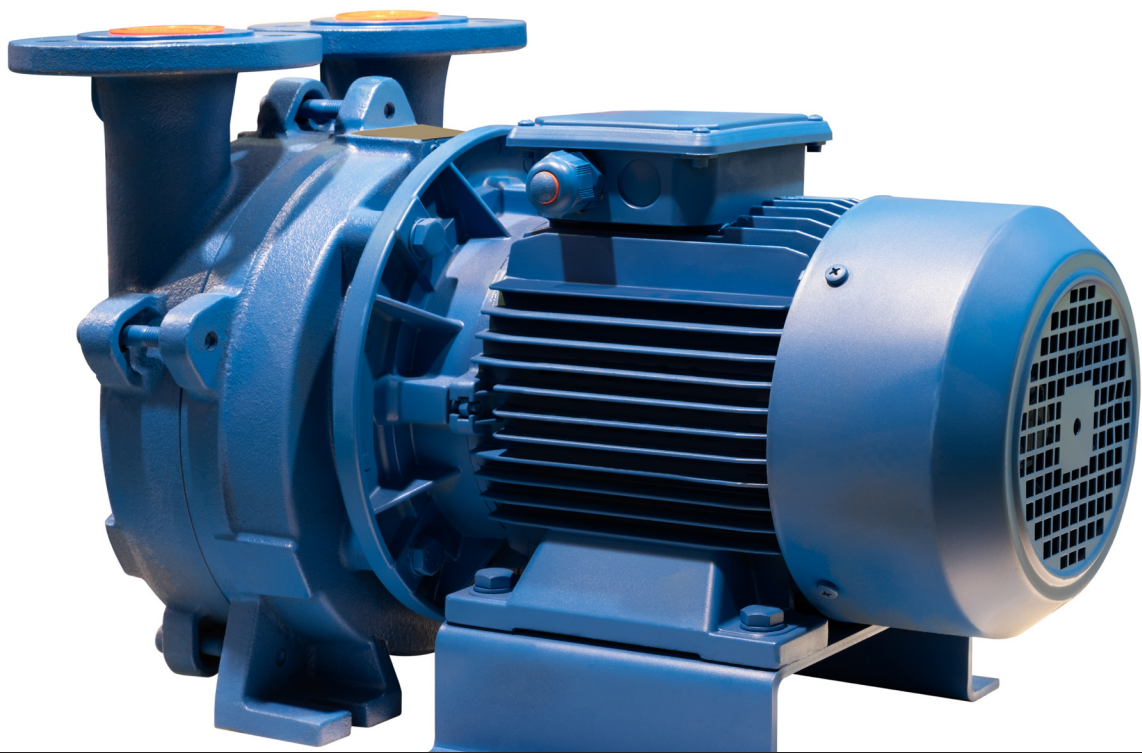

Sovereign Suppliers Limited implements an effective health and safety management system which ensures that the impact of the company's activities on the health and safety of its employees, customers, subcontractors and suppliers will be reduced to a level which is as low as reasonably practical.

Management's commitment to our policies ensures that the company maintains and fulfils its commitment to providing a safe working environment for both employees and others.

OUR HEALTH, SAFETY AND ENVIRONMENTAL POLICY

- Identify jobs with health and safety risks and offer advise.
- Identify hazards and take appropriate action to eliminate any such health and safety risks posed.
- Promote health and safety among clients, suppliers and employees.
- Provide training, information and guidelines on health and safety.
- Respect and preserve the environment within which we operate.
- Encourage the use of renewable resources where they are a reasonably practicable substitute for non renewable resources.
- Minimize waste by ensuring that operations are as efficient as possible.
- Promoting recycling of materials were reasonably practicable.
- Comply with all national and regional legislation with regard to occupational health, safety and the environment.

Our company has ensured that it provides enough resources to ensure the attainment of a healthy and safe working environment. We have made health and safety an integral part of the company and encourage employees to actively participate in the implementation of this policy.
